// Assignment: J2A6
//
// Description: Concatentation and Intro to Variables
// Author: Darshil Patel
//
// Date Start: SEPT 20, 2016
// Date Completed: SEPT 20, 2016
//
// Completion time: 10 mins

// Honor Code: I pledge that this program represents my own
// program code. I received help from (enter the names of
// others that helped with the assignment; write no one if
// you received no help) in designing and debugging my program.
//*****

public class J2A6 {
    public static void main(String[] args) {
        int numberA = 12;
        int numberB = 9;
        int addition = numberA+numberB;
        int subtraction = numberA-numberB;
        int product = numberA*numberB;
        int quotient = numberA/numberB;

        System.out.println("The sum of 12 plus 9 is " + addition);
        System.out.println("The difference 12 minus 9 is " + subtraction);
        System.out.println("The product of 12 times 9 is " + product);
        System.out.println(" The quotient of 12 divided by 9 is " + quotient);

    }
}
